Why work with IHE?

Working alongside IHE provides access to the UK's largest network of independent higher education providers.

Joining IHE as a Supporter or Partner signals to our members that you are committed to delivering high-quality products and services tailored to suit the needs of the independent higher education sector.

As an IHE Supporter you will benefit from exclusive opportunities to communicate directly with our members at IHE events and through our marketing channels.

Becoming an IHE Partner displays a deeper commitment to developing a mutually beneficial relationship with IHE that supports our members and your clients. As an IHE Partner you will also benefit from priority booking of any advertising, sponsorship and exhibitor opportunities.

A diverse range of high-quality providers

IHE members include some of the boldest innovators in higher education today, alongside some of the original pioneers in their fields. All our members undergo a rigorous application process. Our 75+ members include:

- household names such as the Royal Academy and Le Cordon Bleu
- long established independent colleges Spurgeon's College and City & Guilds of London Art School
- cutting-edge new providers TEDI-London and The Dyson Institute of Engineering and Technology
- industry-leading technical institutes Futureworks and Met Film School
- and global education pathway providers Kaplan and Study Group.

Our members need your products and services

Like any type of business, our members seek solutions and support from a diverse range of suppliers. Examples include law firms, accountants and financial services, student records system providers, IT software and support companies, student services, marketing, communication and design agencies, awarding bodies, and sector organisations.

Our Supporter and Partner packages are open to individuals and organisations who already provide products and services to the independent higher education sector, or who want to enter the market and develop a new offer.

If you have a product or service that you think our members can benefit from we would be interested in having a conversation with you.
